

Purchaser / Provider Terms and Conditions

Ceracycloan will always seek to provide quality services and a high standard of practice and quality assurance, to help us do this we recognise that agreed terms and conditions need to be clear between both parties (us) the provider and (you) the purchaser.

We deliver an array of different services to various purchasers and our business terms and conditions are written in total fairness to capture all aspects of the work we deliver for all our customers. We would advise the following Terms and Conditions are fully understood before purchasing our services as on purchasing our services it is the complete understanding that you the purchaser agree these terms and conditions.

Provisions and other services

Both parties will agree in writing what service or provision is to be provided and the period the service or provision is required (*for schools and Adult Education this will be agreed on a termly basis*). The agreed service will then be delivered as per agreed arrangements within the commissioning process.

Cancellations of services agreed

We understand and respect that fact that sometimes things do not go according to plan, on the occasions when this may be apparent we will require 48 hours' notice in writing of the expected provision date for cancellation. For those who book block provisions with us (*i.e. Schools and Adult Education*) any exemptions to pre-booked / ongoing termly payments can be agreed when special circumstances arrive, changes to termly payments must first be fully discussed by both parties, decisions to exempt the remainder of the term payment will be at the discretion of Ceracycloan Management and will be subject to an admin charge of £42 for amending and re-issuing an invoice.

Payments for services

All payments for services provided will have a 30day payment agreement from the date set on the invoice, our invoices will also clearly show a due date. Purchasers who have purchase order numbers must supply the purchase order number in advance of the service being delivered to ensure invoicing is a seamless process for both parties. Late payments beyond 30 days are subject to further charges (*See added charges on page 2*)

Payment Reminders

In the interest of fairness and quality communication our accounts will send a payment reminder as outlined below...

1. **7 days before invoices are due** to remind the purchaser of the approaching invoice due date,
2. **5 days overdue another reminder will be sent** requesting payment and to contact us with any queries or concerns
3. **10 days overdue another reminder will be sent** requesting immediate communication with us and payment to avoid further charges being added to a new invoice.
4. **15 days overdue another reminder and final reminder will be sent** requesting communication and the outlining payment **MUST** be made within 5 days from the final reminder date failure to communicate will result in added charges been added to a new invoice.
5. **Once 20 days have passed a new invoice will be issued with debt recovery charges added with 5 days to settle the outstanding invoice – failure to settle or communicate with us within 5 days will result in a new invoice with added charges will be issued every 5 days thereafter or until it is deemed other measures need to be taken to recover the outstanding amount**

Added charges for invoices overdue by 20 days

We follow the set government guidelines for late payments as follows....

Late commercial payments: charging interest and debt recovery

8% plus 0.5% Bank of England base rate for business to business transactions a total of 8.5% for the late payment plus a debt recovery charges of the following...
